

One Person, Many Voices

teaching rhyme
Canada 2012
LJ Clare

Shouting is an outside voice, calling to far away.

Speaking is an inside voice, for working or for play.

Whispering is a quiet voice so babies can sleep in the day.

Sing-ing is a spec-ial voice, and it goes this way-----.

La la la la la la. La la la la la.

Draw a picture of a place where you use your different voices.

speaking voice	whispering voice
shouting voice	singing voice

Ask me to say one of the lines in the rhyme in the kind of voice it tells about.
